

New Jersey Child Assault Prevention (NJ CAP) is the first statewide primary prevention program. We empower children to advocate for themselves and others through hands-on workshops in your local county schools.

NJCAP is currently looking for part-time Facilitators to implement the CAP Program in local school districts for the upcoming school year!

By becoming a CAP Facilitator, you could...

- Have a flexible part-time job during school hours which truly makes a difference for schools and communities by teaching children empowerment strategies to deal with potentially dangerous situations, including bullying and abuse.
- Participate in a program that has been nationally recognized as “the most comprehensive prevention program in the country today.”
- Receive intensive and ongoing training and certification which will prepare you to present the CAP workshops in various curricula, handle concerns, and advocate for children.
- Join a task force of like-minded committed, experienced, and supportive individuals - who believe in the rights of children to be safe, strong, and free.

Requirements include:

- 18 years of age or older
- Available during school hours
- Able to attend the initial compensated four-day training
- Agreeable to a background check
